Skills

- Backend Development : PHP| Laravel | lumen| Code-Igniter | ExpressJs | NodeJs
- Database : MYSQL | MONGO DB
- Frontend : Angular |React
- Others : Redis | Kong | Rabbit MQ

Experience

MAR 2023 – PRESENT
SR. SOFTWARE ENGG. / CSM Technology at Patna, Bihar

Serving as a full-stack developer for an educational web application portal (E- shikshakosh). Created APIs to support mobile apps. Developed and containerized the web application using Angular. Successfully deployed new features to production, receiving positive client feedback and recognition for contributions.

MAR 2022 – FEB 2023
SOFTWARE ENGG. / CSM Technology at Ranchi, Jharkhand

Led development efforts at a client site for an educational web application portal (E-VIDHYAVAHINI). Wrote efficient and robust JavaScript code .Utilized the Document Object Model (DOM) to dynamically alter HTML and CSS, creating interactive web pages .Gained experience in making asynchronous server requests with AJAX and integrating data from various APIs into web applications.

FEB 2020 – FEB 2022
JUNIOR SOFTWARE ENGG. / CSM Technology at Bhubaneswar, Odisha

Developed a scholarship web application (OSSP – Odisha State Scholarship Portal) utilizing Laravel for the backend and Angular for the frontend. Built APIs with Laravel for backend communication and integrated them with the user interface. Created a single-page application (SPA) with Angular to provide a user-friendly interface.
